Passionate Full-stack web developer specially in the UI part. Excited about building interactive and user-friendly websites. I look at my skills in a challenging work environment for web development. I always keep myself updated with web technologies. That will help me to grow.

### PROJECTS

#### Vrbo Clone |

This is a team project where we worked on cloning the Vrbo. Vrbo is an American vacation rental online marketplace originally known as Vacation Rentals by Owner or VRBO. We have built this using HTML, CSS, JavaScript, and React.

##### Features:

- Use Google Map API for showing the map Location.
- Built Slider from React

**Tech Stack:** HTML | CSS | Javascript | React

##### Areas of responsibility:

- Developed the PaymentPage.
- Developed the HomePage.

A collaborative project built by a team of 4 executed in 5days.

#### Intern Theory Clone |

A web application to Upskill yourself by enrolling for Intern Theory's Online Courses. Taught by Industry Experts Internship. Certified Courses. Guaranteed Internship Opportunities.

##### Features:

- Use Google Map API for showing Head Office Address
- Pop Up in payment-page

**Tech Stack:** HTML | CSS | Javascript | EJS | MongoDB

##### Areas of responsibility:

- Gave authentication in Login/Signup where users can save their information.
